

Paralleling & Pulling Eyes

Combine multiple conductors of aluminum XHHW or THHN in any of the 10 vibrant jacket colors in stock

With our high speed paralleling machine that spools the wires onto the reel all at the same time

Have us install the pulling eyes

And you are all ready to do the pull as soon as your Priority Wire & Cable shipment arrives at the job site.

Call (800)945-5542 and your dedicated Priority Salesperson is ready to help!
