GROUND RODS ACCESSORIES

Ground Rod Couplings: UL CSA • Connects two copper sectional ground rods • Tapered ends to reduce driving friction
• Constructed of high strength, corrosion resistant bronze

Direct Burial Ground Rod Clamps: UL CSA • Connects grounding conductor to driven copper ground rod • Approved for direct burial in the earth and concrete • Contains a bronze hex headed bolt • Constructed of high strength, corrosive resistant bronze

Bronze Water Pipe Ground Clamps: UL CSA • Connects grounding conductor to driven galvanized ground rod • Constructed of high strength, highly conductive bronze • Steel screws plated for corrosion resistance

Cast Bronze Plated Water Pipe Ground Clamps: • Connects grounding conductor to galvanized ground rod
• Die cast zinc body with brass colored plating • Assembled with zinc plated steel screws for corrosion resistance

Ground Rod Driving Studs: UL • Connects to copper sectional ground rods with a coupling for driving to eliminate damage to ground rod threads • Constructed for high strength, corrosive resistant steel with bronze plating.
