

# Ground Rod Accessories

## GROUND ROD COUPLINGS

- UL/CSA listed
- Connects two copper sectional ground rods
- Tapered ends to reduce driving friction
- Constructed of high strength, corrosion resistant bronze

| Part Number                 | Size   | Standard Packaging | Weight per 100 Pcs |
|-----------------------------|--------|--------------------|--------------------|
|                             | inches |                    | lbs                |
| <b>Ground Rod Couplings</b> |        |                    |                    |
| PC58                        | 5/8    | 10                 | 25                 |
| PC34                        | 3/4    | 10                 | 38                 |
| PC01                        | 1      | 10                 | 65                 |

All values are nominal and subject to correction.

## GROUND ROD DRIVING STUDS

- UL/CSA listed
- Connects to copper sectional ground rods with a coupling for driving to eliminate damage to ground rod threads
- Constructed of high strength, corrosive resistant steel with bronze plating

| Part Number                     | Size   | Standard Packaging | Weight per 100 Pcs |
|---------------------------------|--------|--------------------|--------------------|
|                                 | inches |                    | lbs                |
| <b>Ground Rod Driving Studs</b> |        |                    |                    |
| PD58                            | 5/8    | 10                 | 23                 |
| PD34                            | 3/4    | 10                 | 35                 |
| PD01                            | 1      | 10                 | 49                 |

All values are nominal and subject to correction.

## DIRECT BURIAL GROUND ROD CLAMPS

- UL/CSA listed
- Connects grounding conductor to driven copper ground rod
- Approved for direct burial in the earth and concrete
- Contains a bronze hex headed bolt
- Constructed of high strength, corrosive resistant bronze

## BRONZE WATER PIPE GROUND CLAMPS

- UL/CSA listed
- Connects grounding conductor to driven galvanized ground rod
- Constructed of highly conductive bronze
- Steel screws plated for corrosion resistance OR Bronze screw depending on part number

## CAST BRONZE PLATED WATER PIPE GROUND CLAMPS

- Connects grounding conductor to galvanized ground rod
- Die cast zinc body with brass colored plating
- Assembled with zinc plated steel screws for corrosion resistance

| Part Number   | Size       | Wire Size (AWG) |        | Standard Packaging | Weight per 100 Pcs |
|---|------------|-----------------|--------|--------------------|--------------------|
|   | inches     | max             | min    |                    | lbs                |
| <b>Direct Burial Rod Clamps</b>                                   |            |                 |        |                    |                    |
| P4  | 1/2        | 2               | 10     | 100                | 9                  |
| P5  | 5/8        | 2               | 10     | 50                 | 10                 |
| P6  | 3/4        | 2               | 10     | 50                 | 11                 |
| PU  | 1/2 - 3/4  | 1/0             | 10     | 50                 | 19                 |
| <b>Bronze Water Pipe Ground Clamps-Plated Steel Screw</b>         |            |                 |        |                    |                    |
| PWP121  | 1/2 to 1   | 2               | 10 Sol | 25                 | 19                 |
